

For over 22 years, at Inbani we have been designing and manufacturing bathroom products with a clear purpose: to create spaces that convey calm, balance and timeless beauty. We are a young Spanish company with a solid track record in the use of noble materials, meticulous processes, and a deep commitment to quality understood as an attitude. With a consolidated distribution in over 35 countries, our aim is to offer inspiration, serenity, and elegance in bathroom design. This is why we continually review and reinvent our approach: design, our relationship with clients, materials, and the way we understand the contemporary bathroom. We believe in products that endure, in collections that engage in dialogue with architecture, and in spaces that elevate well-being. It is not about how much but what you add. We are a new concept of functionality. We are a new concept of bathroom. We are Inbani.

Desde hace más de 22 años, en Inbani diseñamos y fabricamos productos de baño con un propósito claro: crear espacios que transmitan calma, equilibrio y belleza atemporal. Somos una empresa española joven con una sólida trayectoria en el uso de materiales nobles, procesos cuidados y un profundo compromiso con la calidad entendida como actitud. Con una distribución consolidada en más de 35 países, nuestro objetivo es ofrecer inspiración, serenidad y elegancia en el diseño de baños. Por eso revisamos y reinventamos continuamente nuestro enfoque: el diseño, la relación con nuestros clientes, los materiales y nuestra visión del baño contemporáneo. Creemos en productos que perduran, en colecciones que dialogan con la arquitectura y en espacios que elevan el bienestar. No se trata de cuánto, sino de qué añades. Somos un nuevo concepto de funcionalidad. Somos un nuevo concepto de baño. Somos Inbani.

RONDO COLLECTION

(EN) Rondo is a wall-hung WC with refined lines and balanced proportions, designed to integrate seamlessly into contemporary projects where functionality and discreet design go hand in hand. Rondo reinforces the versatility of Inbani's matt finishes –White, Dune, Niebla, Forest and Black– creating aesthetic continuity across sanitaryware, taps, furniture modules, basins, and bathtubs.

(ES) Rondo es un inodoro suspendido de líneas depuradas y proporciones equilibradas, concebido para integrarse en proyectos contemporáneos donde la funcionalidad y el diseño discreto van de la mano. Rondo refuerza la transversalidad de los acabados mate de Inbani –Blanco, Dune, Niebla, Forest y Negro–, creando continuidad estética entre sanitarios, grifería, módulos, lavabos y bañeras.

CODE COLLECTION

(EN) A timeless manifesto expressed in its most understated language. A formal code born from the essential: precise lines, balanced proportions, and a character that transcends time. Designed to integrate naturally into demanding architectural settings, Code conveys a quiet sophistication revealed in every detail. It invites us to rediscover tapware as a gesture, a symbol, a part of a language that articulates both form and function. The perfect fusion of industrial precision and aesthetic sensitivity.

(ES) Un manifiesto atemporal en su lenguaje más sobrio. Un código formal que nace desde lo esencial: líneas precisas, proporciones cuidadas y un carácter que trasciende el tiempo. Diseñada para integrarse con naturalidad en entornos arquitectónicos exigentes, Code expresa una sofisticación silenciosa que se manifiesta en cada detalle. Es una invitación a redescubrir la grifería como gesto, como símbolo, como parte de un lenguaje que articula forma y funcionalidad. La fusión perfecta entre precisión industrial y sensibilidad estética.

(EN) The products in these materials are handcrafted from a single block of stone. Each type of stone has a unique appearance due to the veining and colour variations of each block. These characteristics confirm the authenticity of a natural product, and no claims related to them will be accepted.

(ES) Los productos en estos materiales están elaborados artesanalmente a partir de un único bloque de piedra. Cada tipo de piedra presenta un aspecto diferente debido a las nervaduras y coloración de cada bloque. Estas características confirman la autenticidad de un producto natural y no se aceptarán reclamaciones al respecto.
