CONCEPT — In this new age full of changes and concerns, new approaches and ways of looking at life are emerging and with them new needs. Seeking to care for our world while satisfying the demands of an ever wider and more knowledgeable audience is no longer simply an option.

With all these changeovers, a new era of design is upon us. New more sustainable and durable materials are being created, and new designers are emerging to enrich our perception of what is functional, practical and aesthetic.

Over the years, the foundations of the project we build have been laid. It is from our past that we draw the experience, the stable forms, the noble materials, the balance, the confidence conveyed and the implicit structure through which we experience our perception of a better designed environment. It is on this structural solidity that we rely on and from which we set off towards the construction of a posterity that is becoming less and less dream and more and more reality. Let us therefore, to show you our vision of a future through these samples of the present, which are in turn, reflections of what is to come.

Let's look to the future from the bases laid in the past. Let's redefine what design is and create something new, fresh and original, ready to go out into a new world.

PRELUDE

I

CONCEPTO — En esta nueva época plena de transformaciones e inquietudes, nuevos planteamientos y formas de ver la vida están surgiendo y con ellas nuevas necesidades. Buscar cuidar de nuestro mundo mientras satisfacemos las demandas de un público cada vez más amplio y conocedor ya no es simplemente una opción.

Con todos estos cambios, una nueva era de diseño está próxima. Se crean nuevos materiales más sostenibles y duraderos, y surgen nuevos diseñadores llegados para enriquecer nuestra percepción de lo funcional, práctico y estético.

Durante años se han fundado los cimientos del proyecto que construimos. Es de nuestro pasado de donde tomamos la experiencia, las formas estables, los materiales nobles, el equilibrio, la confianza transmitida y la estructura implícita a través de la cual experimentamos nuestra percepción de un entorno mejor diseñado. Es sobre esta solidez estructural que nos apoyamos y desde donde partimos hacia la construcción de una posteridad, que es cada vez menos sueño y más realidad. Permitan nos pues, mostrarles nuestra visión de un futuro a través de estas muestras de lo presente, que son a su vez, reflejos de lo que está por venir.

Demos una mirada al futuro desde las bases que se sentaron en el pasado. Redefinamos lo que es diseño y creemos algo nuevo, fresco y original, listo para salir a un nuevo mundo.

By Note Design Studio

INTRODUCTION — The creation of a different collection, at the same time focused on everyday life. Ease was born under this premise. A collection made to attend to those moments of joy and relaxation.

The bathroom is a unique space in the home, the only room where you can be alone and have privacy. You start and end your day in this space, so it is created a collection that works as a base for those moments of well-being. Understanding then the bathroom as that place of retreat and introspection, the pieces of a collection that enhances the functionality and simplicity as the pillars of their designs were created. When you enter this space you expect to disconnect from the world, to have your own habitat where everything is familiar and simple, where pleasure is given by performing basic actions through simple gestures, away from the complexities and hustle of the outside.

Ease tries to capture happiness through naturalness and simplicity. Basic forms, uniformity and a palette of soft and cozy materials; make Ease's designs an invitation to relaxation.

INTRODUCCIÓN — La creación de una colección distinta, a la vez que enfocada en la vida cotidiana. Bajo esa premisa nació Ease. Una colección hecha para atender esos momentos de dicha y relajación.

El baño es un espacio único en el hogar, la única habitación en la que puedes estar solo y tener privacidad. Empiezas y acabas tu día en este espacio por lo que se crea una colección que funciona como base para esos momentos de bienestar. Entendiéndose entonces el baño como ese lugar de recogimiento e introspección, se crearon las piezas de una colección que potencia la funcionalidad y simplicidad como los pilares de sus diseños. Al entrar en este espacio esperas desconectar del mundo, tener tu propio hábitat donde todo sea familiar y sencillo, donde el placer viene dado por la realización de acciones básicas a través de gestos simples, lejos de las complejidades y ajeteo del exterior.

Ease trata de capturar la felicidad a través de la naturalidad y sencillez. Formas básicas, uniformidad y una paleta de materiales suaves y acogedores; hacen que los diseños de Ease se presenten como una invitación a la relajación.

“
A CLASSICAL LEGACY PASSED
ON THROUGH ARCHITECTURE.
“

(PATRICK NORGUET)

EN — A reinterpretation of the premises of Greek architecture brought to the present by Patrick Norguet through an exercise of synthesis of its basic characteristics. The principle of vertical grooving that gave a sense of sobriety and slenderness to the Greek ancient buildings is applied on a smaller scale within this collection.

The collection is made of bold and monolithic objects where the forms seek to be based on the principles of harmony and proportion, but whose details contrast with the grooving that runs through their figures, giving them a dynamic and vibrant character.

ES — Una reinterpretación de las premisas de la arquitectura griega trasladada al presente mediante un ejercicio de síntesis de sus características básicas. El principio del ranurado vertical que otorgaba una sensación sobria y esbelta a las construcciones se logra implementar a una escala más pequeña dentro de la colección.

Se crean así objetos audaces y monolíticos cuyas formas buscan con ímpetu asentarse en los principios de la armonía y la proporción, pero cuyos detalles contrastan con este ranurado que recorre sus figuras aportándoles un carácter dinámico y vibrante.

“
REPETITION AND CONTINUOUS
CONTRAST BETWEEN LIGHTS
AND SHADOWS.
“

(INBANI)

EN — There is something soothing and elegant about repetition and the continuing contrast between light and shadow. The linear rhythm has always been a strong intervention in historical design and classical architecture, so by implementing this element in furniture design we manage to recreate a fraction of this feeling in a smaller scale.

Normally grates are experienced in a much more industrial and rougher environment, but by continuing the detail of the repetitive line, the cabinets become design objects themselves. This gives endless possibilities in expressions regarding the use of materials and textures.

ES — Hay algo relajante y elegante en la repetición y el continuo contraste entre luces y sombras. El ritmo lineal siempre ha sido una fuerte intervención en el diseño histórico y la arquitectura clásica, por lo que al implementar este elemento en el mobiliario logramos recrear una fracción de este sentimiento en una escala más pequeña.

Normalmente, las rejillas están presentes en un entorno mucho más industrial y brusco. Sin embargo, la aplicación del detalle de esta línea repetitiva sobre los módulos hace que se conviertan en objetos de diseño ofreciendo infinitas posibilidades en expresiones relacionadas con el uso de materiales y texturas.

“

STRATO IS A COMBINATION OF WALL MOUNTED UNITS AND CABINETS

“

(INBANI)

EN — An exclusive collection of minimalistic shapes, the Strato collection allows the furniture to adapt to every project. This collection is the most versatile and practical in our catalogue.

Strato is a combination of wall mounted units and cabinets. The customization of this range offers different casing and exterior possibilities for the vanity units, based on the selection of the drawer opening system and the design choice for the sides of the unit. Drawer units are available in different finishes like: Matt lacquer, Textured lacquer, Glossy Lacquer; S1, S3 and S4 Woods; and MDi.

ES — Strato es un extenso programa modular de formas minimalistas que permite adaptar el proyecto de cada profesional al espacio deseado. En Strato existen diversidad de módulos estándares ofreciendo un gran abanico de posibilidades al cliente y convirtiendo a esta colección en una de las más versátiles y prácticas de nuestro catálogo.

El programa modular está disponible en diferentes sistemas constructivos, estos sistemas quedan definidos por la configuración de un tipo de costado y un sistema de apertura determinados. Amplio abanico de acabados para los módulos

COLLECTIONS

PARAL
By Victor Carrasco

“
PARAL IS THE PURSUE
OF A CONCLUSION
IN BATHROOM AREA.
“

(INBANI)

EN — Rigorous but gentle. Paral is the pursue of a conclusion in bathroom area. Far away from passing fashion, its cared proportions are timeless solutions that define this collection as subtlety worked with an iconic character.

Parallel lines are generated by vertical handles built with innovative materials that convert the collection into an architectural must.

This collection is a combination of washbasins, wall mounted units and cabinets. The construction system for the units in this collection is entirely mitred; fronts with sides and top, as well as sides with top.

The different washbasin types are available in Solidsurface, UHS Colour Coating or Marble. Drawer units are available in five different finishes: Matt lacquer, Textured lacquer, Glossy Lacquer, S3 and S4 woods.

ES — Amable y riguroso Paral es la búsqueda de una conclusión en el hábitat del baño. Alejado de modas pasajeras sus cuidadas proporciones y atemporales soluciones integran esta colección es un ejercicio de sutileza, pero con un marcado carácter icónico.

Sus elementos verticales, a modo de tiradores en innovadores materiales, crean líneas paralelas entre si haciendo de esta colección un must arquitectónico.

Colección formada por diferentes lavabos, muebles suspendidos y auxiliares. El sistema constructivo de los módulos de la colección es ingletado en su totalidad, tanto frontales con costados y tapa, así como costados con tapa.

Los diferentes modelos de lavabo están disponibles en Solidsurface, Lacado de Color UHS o Mármol. Cinco opciones de acabado para los módulos con cajón: Lacados en mate, texturizado o brillo y maderas S3 y S4.

M M X X I I I

(ENG / ESP)

This composition is made of a Paral single wall mounted unit (PA427) with two drawers and a wooden top (PA117) in Bronze Raw Oak 656. Handles in Black Matt and top mounted washbasin (PA002) in Black Marquina Marble. Strato mirror with aluminum structure. Perimeter wall LED lighting (ST379 16A).

Composición de un módulo compacto Paral (PA427) con dos cajones y tapa (PA117) en Bronze Raw Oak 656. Tiradores en Negro Mate y lavabo sobre encimera Paral100 (PA002) en Mármol Negro Marquina. Espejo Strato con estructura en aluminio. Iluminación LED perimetral mural (ST379 16A).

PARAL

(ENG / ESP)

This composition is made of two wall mounted Paral units (PA424) with two drawers in Grey Raw Oak 655 and top with PA60 integrated washbasins in UHS Colour Coating Natural Grey 194. Paral single mirror cabinets with LED lighting (PA610). Freestanding bathtub (PR011) in UHS Colour Coating Natural Grey 194. Paral floor standing wardrobe units in Grey Raw Oak 655.

Composición de dos módulos compactos suspendidos Paral (PA424) con dos cajones en Grey Raw Oak 655 y tapa con lavabo integrado PA60 en Lacado Color UHS Natural Grey 194. Espejos independientes Paral con iluminación LED (PA610). Bañera exenta (PR011) en Lacado Color UHS Natural Grey 194. Módulos vestidor al suelo Paral en Grey Raw Oak 655.

(ENG / ESP)

This composition is made of five Paral wall mounted units with one drawer and a wooden tops in Smoked Wild Oak 557. Wall mounted washbasins (PA002) in Carrara White Marble. Strato round mirror with LED lighting. Freestanding bathtub (FM011) in UHS Colour Coating Basalto 193. Grate freestanding bench in Smoked Wild Oak 557.

Composición de cinco módulos suspendidos Paral con cajón y tapas simples en Smoked Wild Oak 557. Lavabos suspendidos (PA002) en Mármol Blanco Carrara. Espejo redondo Strato con iluminación LED. Bañera exenta (FM011) en Lacado Color UHS Basalto 193. Banco autoportante raranado Grate en Smoked Wild Oak 557.

(ENG / ESP)

This composition is made of a wall mounted Paral unit (PA301) with one drawer in Matt Lacquer Quemado 199. Handle in Bronzed Wild Oak 556. Top mounted washbasin (PA001L) in UHS Colour Coating Quemado 199. Strato16A mirror with LED lighting (ST362 16A).

Composición de un módulo suspendido Paral (PA301) con un cajón en Laca Mate Quemado 199. Tirador en Bronzed Wild Oak 556. Lavabo sobre encimera (PA001L) en Lacado Color UHS Quemado 199. Espejo Strato16A con iluminación LED (ST362 16A).

“

ORGANIC SHAPES PROVIDE CONTRAST TO THE GEOMETRIC SHAPES.

“

(INBANI)

EN — The importance of the shapes in this collection is why we named it: FORMA. Washbasins with organic shapes provide contrast to the geometric shapes of the furniture of this collection. Both shapes seamlessly combine to give movement and flexibility to open spaces without losing purpose or functionality, this is why this collection offers an infinite number of possibilities which can be adapted to any kind of bathroom. Designed by Ludovica + Roberto Palomba with Matteo Bollati and Stefano Contini.

ES — La importancia de las formas en esta colección diseñada por Ludovica+Roberto Palomba con Matteo Bollati y Stefano Contini es lo que precisamente le da su nombre: FORMA. Sus lavabos con formas orgánicas contrastan con las figuras geométricas que conforman los muebles de esta colección. Ambas formas combinan a la perfección dotando al espacio de movimiento y flexibilidad sin perder funcionalidad, ya que gracias a sus formas esta colección ofrece un infinito número de posibilidades para que se adapte a cualquier tipo de baño.

COLLECTIONS

ORIGIN
By Seung-Yong Song

“
BACKGROUND. ROOTS. ORIGIN
IMPLIES THE BEGINNING
OF CRAFTSMANSHIP
AND INDUSTRY.
“

(INBANI)

EN — Background. Roots. Origin implies the beginning of craftsmanship and industry through the different fabrication of wood, metal or glass... amalgamating each one to perfectly establish each element. The silhouette of Ceramilux washbasins reminds the potter that moulded the vase, like the marble reminds the sculptor, carving his work. It surrounds itself in a traditional and cultural atmosphere. Every element is carried out with total precision, dedication and artistic style. The details of the radii, forms or moulds all directly implicate the craftsman in the result of each piece. Origin forms strong bonds with eastern culture, which is reflected in its use, its proportions and its designer: Seung-Yong Song ...its origin...

ES — Significa el origen, las raíces. Hace referencia al principio de la artesanía y la industria a través de las diferentes manufacturas aplicadas sobre la madera, el metal o el cristal... encajando unos con otros hasta conseguir con precisión cada elemento. La silueta de los lavabos en Ceramilux recuerda al alfarero que moldeaba sus vasijas, así como en mármol al escultor que tallaba sus obras. Todo ello nos envuelve en una atmósfera tradicional y de cultura. Todos los elementos están realizados con mucha dedicación, precisión y arte. Los detalles de los radios, las molduras o formas implican al artesano de forma directa con el resultado obtenido de cada pieza. Origin posee un gran vínculo con la cultura oriental, lo cual se refleja en su uso, sus proporciones y su diseñador: Seung-Yong Song... su origen...

“

PERFECT FOR GUEST BATHROOMS,
BEDROOMS AND VERY SMALL SPACES.

“

(INBANI)

(ENG / ESP)

The Facett washbasin collection is perfect for guest bathrooms, bedrooms and very small spaces. Its compact format and small cubic shape allows it to fit perfectly with this type of architecture and environment. Whether that be independently as a washbasin or combined with other designs, such as units, shelves or mirrors.

La colección de lavabos Facett es perfecta para baños de invitados, habitaciones y espacios muy pequeños. Su diseño compacto y su forma cúbica permiten adaptarse perfectamente a este tipo de arquitectura y entorno. Ya sea de forma independiente como lavabo o combinado con otros diseños, como módulos, estantes o espejos.
